## For Pharmacy Professionals:

### Pharmacist By Design®

**Elevate Your Practice. Advance Your Career.**

With curated CE, leadership training, and clinical updates, this subscription turns CE hours into growth, confidence, and impact. From stress-free relicensure to specialty education, pharmacists gain the tools to stay competitive, build trust, and elevate their role. Make CE more than a requirement—make it an investment.

### Technician By Design®

**Smarter CE. Stronger Teams.**

Pharmacy technicians are vital to safe, efficient care—and Technician By Design® helps them excel. With stress-free CE, skills training, and 24/7 access to expert courses, technicians gain confidence, improve workflows, and elevate patient safety. This is more than CE—it's a career accelerator designed to empower technicians and strengthen pharmacy from the ground up.

### Preceptor By Design®

**Lead with Confidence. Inspire the Future.**

Preceptor By Design® equips pharmacy preceptors with 50+ hours of ACPE-accredited education to strengthen teaching and leadership. From mentoring and assessment to tough conversations and mental health, it builds confidence to guide learners to success. With flexible formats—podcasts, webinars, toolkits, and more—preceptors gain strategies they can apply right away.
