

Preceptor By Design®

**Elevate Your Impact.
Guide the Next Generation.**

Shape the Future of Pharmacy with Preceptor By Design®

Being a preceptor is more than a role—it's a calling. Whether they're guiding student pharmacists, mentoring residents, or coaching pharmacy technicians, **Preceptor By Design®** equips them with the skills, confidence, and strategies they need to succeed.

With **50+ hours of ACPE-accredited continuing education**, this comprehensive program is tailored to the realities of precepting in today's pharmacy practice. They'll find:

- **Education for Every Role They Play** – from teaching and mentoring to feedback and assessment.
- **Practical Teaching Strategies** – tackle challenging teaching moments like helping struggling learners, providing difficult feedback, and supporting mental health.
- **Engaging, Flexible Learning Formats** – choose the format that works best for them: webinars, podcasts, written guides, interactive modules, toolkits, and more.
- **Case-Based, Practice-Ready Content** – apply what they learn immediately with realistic scenarios and actionable tools.

Preceptor By Design® supports every teaching style and experience level helping preceptors elevate their teaching, strengthen their impact, and inspire the next generation of pharmacy professionals. At CEimpact, we know precepting is more than supervision—it's a legacy. We provide the skills, support, and confidence to leave a lasting mark on every learner.
